

Indicator

Indicator was founded in 2002 by the launch of a feminine, fresh and flimsy fashion collection for ladies.

This range was immediately a great success!

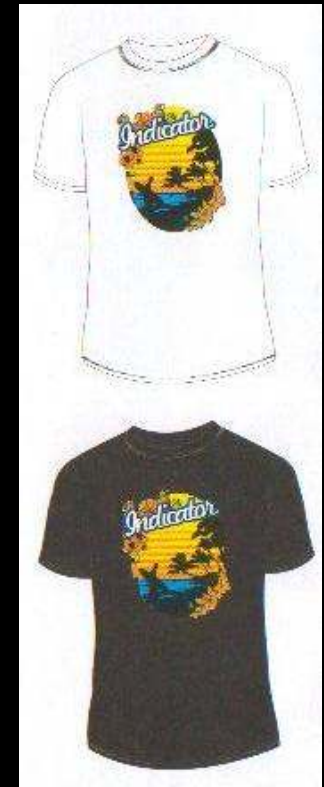

Men's street wear and surf wear collections then followed and are currently available in numerous outlets both on the national and international market.

Each style is designed by a team of Australian designers seeking to offer trendy, comfortable and well priced fashion wear.

Indicator aims to design clothes suiting various shapes and enhancing each figure.

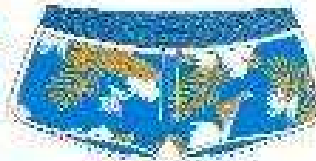

Ladies ranges are supplied from sizes 8 to 16.

Indicator has recently launched a new range called Big Men from sizes 2XL to 5XL.
